No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 40c per bottle.

CHRISTMAS—the season of music. All through the year music should play an important part in your life. But at Christmas it is a hundred fold more vital, for in its harmonies is locked the very spirit of the holiday season. What would Christmas be without the children and their toys? And the grown-ups, for one day children again, how they romp and play and sing with the kiddies. And then the evening, when the family gathers around the fireplace, making merry with tale and song. Now is the time to think about

The NEW EDISON

And then throughout the year a continuous joy.

The New Edison unlocks the magic doors of the store-house of music; a Christmas fairyland that welcomes you in.

We will gladly show you how the New Edison RE-CREATES Christmas and all-year-round music for you at your pleasure.
